

Radius ROCKET FUEL™ Portable Workstation

NextComputing's elegant, compact and portable Radius workstation now supports ASSIMILATE's ROCKET FUEL hardware and software. This solution was specifically designed to be your primary on-set tool for projects shot on any RED Digital Cinema Camera.

Now you can have all the processing horsepower you need on set without any heavy lifting!

Radius with ROCKET FUEL enables:

- Full resolution playback of 4k RED files
- Direct creation of tape and file based dailies without importing or conversion
- One-light color grading
- Color and shot management
- Initial R3D conform

With SCRATCH CINE you can:

- Manage R3D shots within a project
- Control dailies grading, review and approval
- Generate dailies with metadata burn-ins

ASSIMILATE

ROCKET FUEL is a hardware and software combination that provides a professional entry into the native RED post production workflow. ROCKET FUEL consists of:

- ▶ **SCRATCH CINE v5.0 software**
- ▶ **NVIDIA® Quadro® FX 3800 SDI card**
- ▶ **RED Rocket hardware acceleration card**

PNY™
Professional
Graphics Solutions

with ROCKET FUEL™

Processor

Intel® Core® i7 960 3.2GHz quad-core

Memory

8GB DDR3

Storage

System Drive

250GB SATA 7200RPM

Media Storage

2TB (4 x 500GB SATA 7200RPM)

Optical Drive

Internal DVD±RW

Display

- Integrated 17" WUXGA+ LCD up to 1920x1200
- Supports additional external displays including NextComputing's specially designed clip-on displays with resolutions to 1920x1200

Graphics

NVIDIA® Quadro® FX 3800 SDI by PNY Technologies

Video I/O

Quadro FX 3800

- Dual Link DVI-I
- (2) DisplayPorts for digital video

SDI Card

- (3) BNC connections (2 single-link SDI or 1 dual-link, plus 1 for external sync signals)
- DVI for monitoring output

Red Rocket Accelerator Card

- (4) DVI
- Dual Link HD-SDI

Other I/O

- (8) external USB 2.0
- (5) internal USB 2.0
- (1) IEEE 1394a
- (1) eSATA (3Gb/s)
- (1) Gigabit Ethernet
- (1) S/PDIF digital audio out
- (1) S/PDIF digital audio in
- (6) analog audio ports

Physical

5.94" (D) x 11.44" (H) x 16.8" (W)
~19 lbs.

Power

460w Whisper Technology 110/220V 50/60Hz auto-switching power
