

RADIUS XG

Elite Gaming Performance Anywhere You Go

NextComputing knows how to build the most powerful and flexible portable computers for demanding government and enterprise customers. Using that expertise we've designed the Radius XG: a high-end gaming PC that delivers uncompromised desktop gaming performance in a compact package. Radius XG is not much bigger than a high-end laptop and its totally unique design is guaranteed to make you stand out from the crowd.

A gamer's dream machine, at home or away, the Radius XG is an all-in-one portable powerhouse in a sleek, briefcase-sized package. With a built-in 17-inch HD display and supporting up to 2 additional lightweight external HD monitors for a triple-display setup, Radius XG brings the latest games to life as they were meant to be played, in beautiful high-resolution glory.

Unlike a laptop, the system uses only full-featured, desktop components - the same high-quality components you would expect in a tower PC - but in an incredibly small system that's a breeze to transport and set up.

With the Radius XG, you can:

- Get true high-end gaming performance in a portable system
- Stand apart from the crowd with this unique design
- Maintain your edge with upgradeable hardware
- Transport your system and peripherals in a single carrying case
- Setup or takedown in under a minute
- Gain the advantage to dominate your opponents

RADIUS XG

Motherboard

ASUS Core i7 Socket LGA 1366 microATX (ASUS Rampage II Gene)

CPU

- Quad-Core Intel® Core™ i7-960 3.20GHz
- Quad-Core Intel® Core™ i7-975 Extreme Edition 3.33GHz

Memory (Triple Channel)

- 6GB DDR3 1333MHz RAM
- 12GB DDR3 1333MHz RAM
- 24GB DDR3 1333MHz RAM

Display

- Integrated 17" WUXGA+ (1920x1200) LCD
- Supports up to (2) additional external displays including NextComputing's specially designed clip-on displays with resolutions to 1920x1200

Included Input Devices

- Kensington slim USB keyboard
- Logitech USB travel mouse

PCI Slots

- (2) PCI Express 2.0 x16
- (1) PCI Express 2.0 x4
- (1) PCI

PCI Express Graphics Options

- NVIDIA® GeForce®
- ATI Radeon™

Storage and Media Bays

- (1) or (2) hot-swap removable SATA hard drives to 500GB 7200RPM, or up to 160GB solid state
- Optional: Up to (6) fixed internal SATA hard drives to 500GB 7200RPM, or up to 160GB solid state
- DVD±RW

I/O

- (1) PS/2
- (6) external USB 2.0
- (6) internal USB 2.0
- (1) IEEE 1394a
- (1) eSATA (3Gb/s)
- (1) Gigabit Ethernet
- (1) S/PDIF digital audio out
- (6) analog audio ports

Operating System (64-bit)

- Microsoft Windows 7 Home Premium
- Microsoft Windows 7 Professional
- Microsoft Windows 7 Ultimate

Power Sub-System

460w Whisper Technology, 110/220V 50/60Hz auto-switching power supply

Physical Dimensions

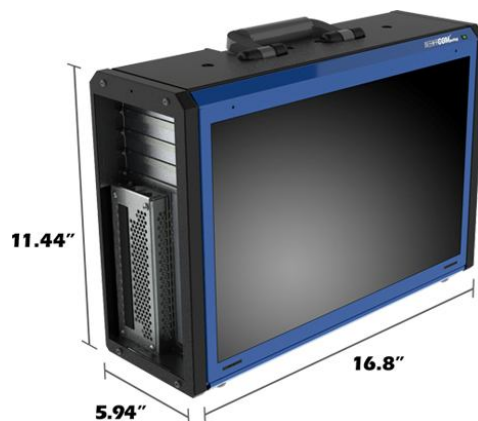

- 5.94" (D) x 11.44" (H) x 16.8" (W)
- Basic configuration ~ 15 lbs

Warranty

- 1 year parts and labor
- Additional warranty available

Carrying Case

Includes soft carrying case
